QUESTIONS TO ASK BEFORE HIRING A WEB DESIGNER

The key to success for your business lies with your marketing tools. An up-to-date, mobile-friendly website can provide you with more leads than almost any other channel. Since your website is so important, you want to hire a good web designer. With that in mind, we put together 21 Questions to Ask Before Hiring a Web Designer.

CHRIS K HOWARD

Do you offer services apart from web design?

Do you have a portfolio?

Do you specialize in a particular industry?

What types of conversion strategies do you suggest?

How long will it take to complete my web design?

How many landing pages will be on the website?

What do you need from me before launch?

Who supplies the images for the website?

Are your web designs mobile friendly?

Do you follow SEO best practices when building the site?

CHRIS K HOWARD

How will the website drive traffic and generate leads?

Will I be able to review and approve the work as the project progresses?

Which content management system do you use?

Can you design a website that fits my budget?

What is your design process?

Do you build custom sites or use website templates?

What kind of testing do you perform prior to the launch of a new website?

How involved do I need to be in the design process?

Can you build an e-commerce site?

Will there be downtime during the transition from the old site to the new?

How much does hiring a web designer cost?
